

The Examiner also required, under 35 U.S.C. 121, election of a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held allowable.

In response, Applicants provisionally elect to prosecute the invention of Example 7 in the instant application, which includes a combination of the compositions of Preparation 1 and Preparation 9. The Examiner is referred to pages 42, 45-46, and 60-62 of the instant application for support of this provisional species election. Applicants submit that claims 1-10 and 14-17 read on this provisionally elected species.

In view of the foregoing, Applicants believe that the claims are in allowable form and earnestly solicit their allowance.

Respectfully submitted,

Robert F. Chisholm, 39,939
